We are a community working group focused on organics diversion, regional composting options and community partnerships. Our participants include local haulers, farmers, private industry, Cape Cod Cooperative Extension, County Health & Environment, municipal Health and DPW departments, restaurants and affiliated compost enthusiasts. To be added to our contact list for future meetings, please contact Amy L. Alati at:
Phone: 508-375-6908 or Email: aalati@barnstablecounty.org

**Harborview Conference Room**

The numbers to have for remote participation are:
Call In #: (712) 432-0900
Access Code: 102264#

Introductions/Sign In

Guest Speaker/Presentations:

“Bag to Earth” – Compostable Bag Presentation & Information
• Mr. George Colgan of “Bag to Earth” in Napanee, Ontario is travelling to see us and present on compostable bags and products. He will have samples for everyone to take away.

Working Group Discussion Items:

1. Project Timeline for the CC Composting Network
   • As our Dialogue Meetings have produced much regional input and our continued meetings with local stakeholders have brought us ideas and insight into possible pilot projects, we will be discussing goals, funding opportunities, and setting dates to achieve new progress.
   • We welcome your participation and input as we move forward to transition our collaborative discussion sessions from the past year into a final project.

2. Other items of interest and discussion.
